\$15 day license for non MTBA members

\$5 day license for U13's

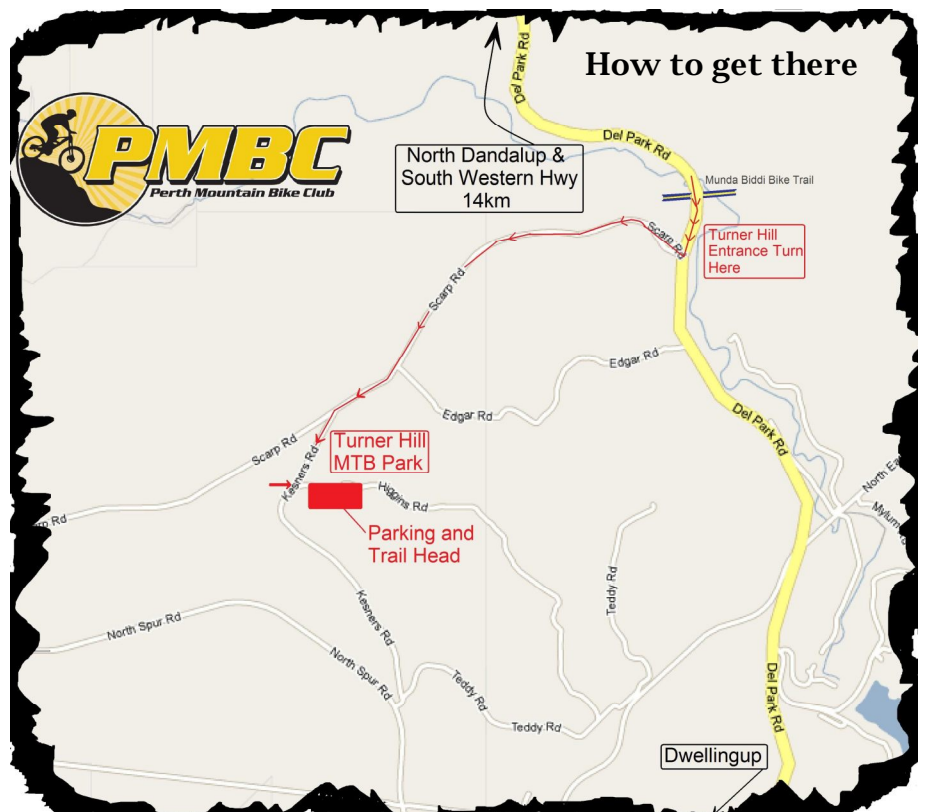

Number Plates are \$5 which are used for the entire season

Track

This track is a masterpiece and has the lot! It is the best track in the state well that's my opinion. Turner Hill is a good fun, challenging course with plenty of fast, flowing single track, some speedy descents and of course a long gruelling climb. A new addition since '07 contains a sequence of log-over's, drops, doubles and jumps - not for the faint hearted! But "B" lines are provided for the faint hearted. The main loop is about 9km long and consists of 95% single track and 5% doubled track, to many mountain bikers this is known as "JC Country".
